DETAILED ACTION

EXAMINER'S AMENDMENT

An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it **MUST** be submitted no later than the payment of the issue fee.

The application has been amended as follows:

In the specification, Brief Description of Drawings includes a description of each Figure, and only those Figures, in which the description of Fig. 11 is missing.

Therefore, the specification, after paragraph [0021], should insert one paragraph

DETAILED ACTION

Allowable Subject Matter

1. Claims 1-2, 4-10, 13, 17-19, 21-22 and 25-26 are allowed.
2. The following is an examiner's statement of reasons for allowance:

Claims 1-2, 4-10, 13, 17-19, 21-22 and 25-26 are allowable because the prior art of record neither anticipated nor rendered obvious that a display device and a method of making a display device comprises various related elements and steps with specific features recited in claims 1, 8, 18 and 21 as follows:

a plurality of spacers including a first spacer is positioned in a display region, in which the first spacer contacts the second electrode (pixel electrode) and a distance between neighboring spacers decreased as the spacers approach a center of the display region as shown in Fig.7 and Fig.11.

Applicant filed English translations for the priority documents in order to effect the priority filing date. Such that the prior art of the references do not teach the specific arrangement of the spacers in a display region, i.e., a distance between neighboring spacers decreased as the spacers approach a center of the display region as claimed and as shown in Fig.11.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
